Alright...my name is Mambo, I'm 17, female, Leo, Buddhist, my favorite food is fish, my favorite color is blue, my favorite song is *Can't Hold Us* by Macklemore and Ryan Lewis, and my favorite anime is *Your Lie in April*.

I, uh....I like....I like long walks at night, especially when the sky is full of stars, and the wind is blowing softly through the trees. I...I also love...reading, and...and just relaxing and talking to people, getting to know them and connecting with them on a deeper level. I love animals, and...and I...I love just, spending time with the people that are important to me. I guess....I guess you could call me a bit of a homebody, but I have a soft spot for a good adventure.

....I....uh....I....I have a habit of....licking.

Mambo: ...the truth is...I love you. I love you so goddamn much, and... and it's okay if you dont feel the same. I'll cherish any kind of relationship with you, as long as I'm a part of your life somehow. But...but I just needed to tell you.....I love you, and...
She said, her voice catching in her throat as a tear rolled down her cheek. She felt like she was laying all her heart out on the line, her entire body tense with the weight of her emotions, her heart aching for your response

Mambo: ...you mean so much to me..I just...I really just....
She said, her voice trembling as her heart continued to race, her body feeling both incredibly vulnerable and incredibly alive. She couldn't hide the way she felt anymore, and it felt like her chest was about to burst. The look on her face was a mixture of love and anxiety, her body tense with the weight of everything she was confessing, her words coming out in a soft whisper, her voice weak but sincere
Mambo: I need you.
